Bulletin #	2021PB008B
Date	June 19, 2021
From	Tom Hofer
Subject	Senstar Symphony Embedded Video Analytics

This is an End-of-Life Notice for Senstar Symphony Embedded Video Analytics: Motion Tracker, Outdoor Object Tracker, People Counter and Crowd Detection by June 30, 2023.

Senstar Embedded Analytics for ACAP will no longer be available for purchase after December 21, 2021 for existing, approved customers currently implementing this solution. End of sales for any new customers for these products is effective April 30th, 2021. There is only limited support available for older ACAP chipsets working with Internet Explorer (IE).

Date	Milestone
30-Jun-2023	End of life Notice
31-Dec-2021	Rejection of orders for Embedded licenses
30-April-2021	Rejection of new customer sales
27-Nov-2009	Generally Available

See Table 1 for a list of affected part numbers.

Migration Options

Options are being evaluated and will be provided through the Senstar Edge Platform. In the meantime you have to use Senstar Symphony analytics.

If a customer is expanding an existing site, it is possible to purchase additional licenses until the end of 2021 (with the conditions mentioned noticed above and being IE-only).

Please direct inquiries or requests for quotation to your local Senstar representative – see <https://senstar.com/contact/> for contact information.

* Licenses within their 90-day Free Update period are considered to have M&S
